This is the tentative itinerary of the trade trip which the chamber of commerce is planning to make through the southwest during October. It will be one of the longest ever made from El Paso and will include more sightseeing points than any other similar trip. The most important stop on the trip from the point of interest will be the Grand Canyon of the Colorado, which will be visited by a caravan before the return to El Paso is made.

The beautiful Salt River valley, a bit of California, and the Roosevelt dam will be second in importance as an attractive feature of the trip. The largest copper mines and smelters in the world will be visited at Douglas, Bisbee, Cananea, Morienc, Clifton, Globe and other mining centers of the southwest.

**Considering the Plans.**  
 The trade excursion committee appointed by the chamber of commerce Thursday afternoon to consider the plans for the annual trade trip, V. R. Stiles was elected chairman and presented the above itinerary which had been arranged for the approval of the committee. The steps as well as the dates have not been definitely fixed, but it is probable that the trip will be made the week preceding the Southwest Jubilee and that the festival may be advertised by the excursionists.

The Grand Canyon trip was added to the original itinerary on the suggestion of a number of the committee who thought that this would make an additional appeal to the merchants and to the people who wish to make the trip with the trade excursionists. It was finally decided that if 50 persons could be signed up to make the trip, it could be made. The return from Phoenix to El Paso would cover the distance of the trip in more detail and to start the campaign to get names on the list of the excursionists. The committee will call on the merchants and wholesale concerns at El Paso, and the 50 signatures necessary to make the excursion a success. Another meeting will be held Monday to consider the matter in more detail and to start the campaign to get names on the list of the excursionists. The committee will call on the merchants and wholesale concerns at El Paso, and the 50 signatures necessary to make the excursion a success. Another meeting will be held Monday to consider the matter in more detail and to start the campaign to get names on the list of the excursionists.

# PLANS STARTED FOR A BIG STREET FAIR

## Chicken and Dog Shows to Be Held at the Same Time. Troops at Ft. Bliss to Be Invited to Participate and Chinese to Be Asked to Have Their Dragon in Line—An Automobile Show and Parade to Be a Feature.

Southwestern Jubilee and fifth annual Os-Aple parade is to be the name of the annual fall festival which the chamber of commerce is considering. A meeting of the committee appointed by the directors of the chamber of commerce at its last meeting was held Thursday afternoon with president Walter S. Clayton, of the chamber of commerce, in the chair. The committee consists of Garnett King, Bob Moore, Himmert Hines and Frank Cole. Mr. Cole is away on his vacation, but he was selected by the committee as the permanent chairman of the festival. The committee will call on the merchants and wholesale concerns at El Paso, and the 50 signatures necessary to make the excursion a success. Another meeting will be held Monday to consider the matter in more detail and to start the campaign to get names on the list of the excursionists.

**The Fair and Dog Shows.**  
 The poultry and dog shows to be invited to hold their show during the week of the fair, the Kennel club will also be invited to hold their show. An automobile and horse show during the three days celebration, other features suggested were a baseball tournament, a band contest, a polo tournament, an industrial parade, an automobile parade, drills by the fire department, and a work horse parade.

**The Chinese to Help.**  
 The Chinese in Chinatown will again be invited to participate in the annual parade and also to decorate the lower end of Oregon street with lanterns and flags to make it a replica of San Francisco's Chinatown, during the celebration. A southwestern golf tournament will be held at the same time. The chamber of commerce is considering a permanent organization to be called the Os-Aple Parade association, to be charge for the spectacular night pageant which is always a feature of the fall celebration. The baseball tournament will be fixed at El, according to the plan suggested at the committee meeting, and this will be the permanent home of the tournament and the various associations will be given ground downtown upon which to hold their tournaments. The baseball tournament, the automobile races and other paid features could be held at Washington park, it was suggested, but it was the general belief that everything that could be held downtown within walking distance of San Jacinto plaza should be shown there.

# FEAR EFFECTS OF PROPOSED SPLIT

## Democratic County Executive Committee Delegates Work to Subcommittee. WILL REPORT TO FULL COMMITTEE

A subcommittee of the Democratic county executive committee will take the testimony of the effect on the county and make its report to the entire committee. This was the agreement reached at the meeting of the executive committee Friday morning in the 41st district courtroom, Tom Lea, the new chairman, presiding.

It is asserted that in an agreement reached for the appointment of a subcommittee to consider the effect on the county of the proposed split, the committee was agreed upon by the attorneys representing the two sides. The subcommittee is to be composed of two men from each side. Lea, the chairman of the executive committee, and an executive committee member, will give the committee when it comes to the workings of the subcommittee. The attorney representing the subcommittee was the only business transacted at the morning session.

The subcommittee was appointed on the ground that the matter could be drawn out for several weeks and the members of the executive committee, being for the most part composed of business men, could not devote their time and attention to it. It was the purpose of the committee, and the attorneys of both sides, to appoint men who could see at all times during the progress of the contest.

**Subcommittee Not Final.**  
 The duties of the subcommittee as outlined and agreed upon will consist in passing on all matters brought up by the contestants and in making a judgment in consideration of the same. No action of the subcommittee is to be final. The committee is to report as to its findings to the executive committee as a whole, which has the power to render the final decision. Each case presented by the contestants will be brought before the subcommittee as a whole to be passed on separately. While the anti-trust case Friday morning, that of C. W. Marshall and J. S. McVey, who is representing the defendant, stated that the anti-trust case was not selected. He stated that the appointment would be made this afternoon at a meeting in held in Tom Lea's office.

**Another Case Injected into Contest.**  
 The anti-trust case was injected into the contest by the objections raised by Seymour Thurmond, who is representing the contestants, as to the right of C. W. McVey, Ramon Gomez, and J. S. McVey, to be on the jury. The contention urged by the attorney was that these men were elected judges in their respective precincts during the last year, and that they were not qualified to be on the jury. The matter will finally be brought into one of the district courts in certain, inasmuch as the decision is rendered has the right to appeal to that court. The action of the executive committee will be in no way affected.

**Plenty of Harmony.**  
 The meeting Friday morning was characterized by plenty of harmony and cooperation on the part of all participants to reach an agreement of some sort by which the contest could be settled in the shortest possible time. The matter will finally be brought into one of the district courts in certain, inasmuch as the decision is rendered has the right to appeal to that court. The action of the executive committee will be in no way affected.

**Chairman Lea stated Thursday afternoon** that the meeting of the subcommittee would be public and he would not agree to any executive sessions. "I am going to insist on this being carried out," said Lea. "The newspaper men will be allowed to enter the meetings at any time. I don't believe in these executive sessions."

Mr. Alderete, who is one of the main contestants, did not appear Friday morning. He was expected to appear from his office adjoining the district court. It was stated, however, that he would be present at the meeting in the afternoon. The stenographer copying names of the men whom it is alleged were aliens and voted at the primaries, these names, it was said, would be handed to the executive committee as soon as the list is completed.

**Mr. Lea said** having been elected to this position by the fair and impartial. My only desire is that I want the assistance of every member of the committee. To assist me I will appoint C. W. Marshall as secretary.

Mr. Marshall then called the name of the committee, who came forward and took their places. The names of the committee were as follows: Precinct 1, J. Connor, No. 2, D. D. Marshall; No. 3, Ramon Gomez; No. 4, Campo Canuto; No. 5, Page Kemp; No. 6, J. H. Strickland; No. 7, J. P. Poras; No. 8, J. H. Harper; No. 9, J. B. Donahue; No. 10, P. F. Edwards; No. 11, J. M.
